

# B R E W H O U S E

## Standard Beers

**CERVEZA** - Modeled after the classic beer of Mexico! Light-bodied, crisp and clean.

**INDIA PALE ALE** - Our India Pale Ale has a copper/golden colour and medium aroma hops, with a slightly higher starting gravity and hop rates than our regular pale ale.

**MUNICH DARK LAGER** - Our version is characterized by a delicate sweet maltiness and a toasted nutty flavour.

**PALE ALE** - Our version is crisp, amber-coloured and aromatic.

**PILSNER** - Our medium-bodied, golden pilsner is a clean, satisfying beer.

**RED ALE** - Stylistically positioned between a German Alt beer and Oktoberfest, our red ale is copper red in colour. It has a pronounced crisp, malty character, with delicate hop bitterness and a pleasing floral aroma.

**STOUT** - Ours is dark and rich, with a bold roasted flavour, hint of chocolate and espresso-like finish.

## Premium Lager

**PREMIUM LAGER** - Light Canadian lager is crisp, easy to drink beer with lower alcohol level to bring out the freshness and aroma profile of a true to style all grain beer.
